

# SUMMARY OF SANDERS TAX AND EXPENDITURE PLANS

CTHULHUONICE

## INCOME

Name	Revenue	Total Yearly Income
Wall Street Speculation Tax	\$240,000,000,000.00	\$2,432,000,000,000.00
Tax on extreme wealth	\$930,000,000,000.00	
cutting fossil fuel subsidies	\$20,000,000,000.00	
cutting healthcare subsidies	\$700,000,000,000.00	
No Obamacare	\$110,000,000,000.00	
Closing Tax Loopholes	\$300,000,000,000.00	
Marijuana Tax (est.)	\$132,000,000,000.00	

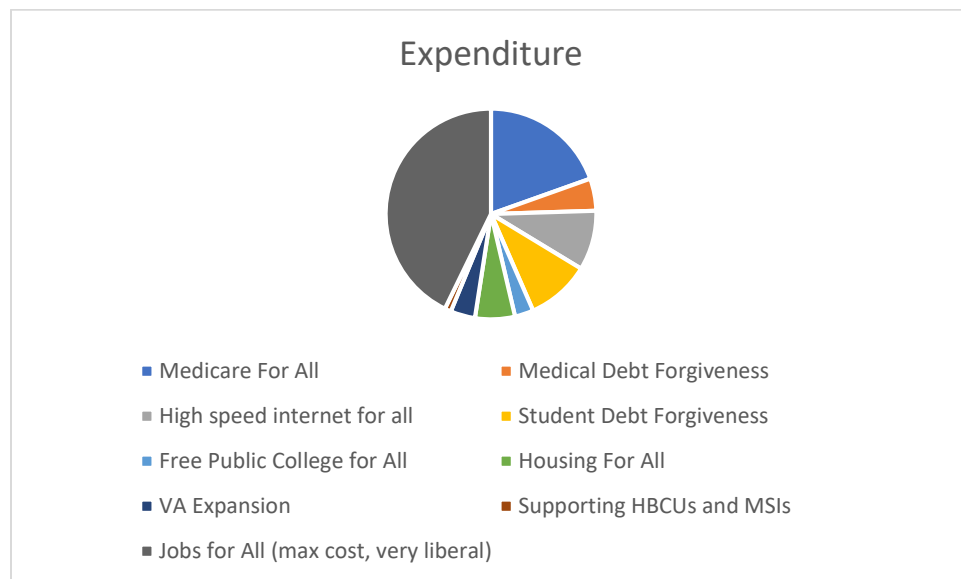

### Notes:

*Tax on Extreme Wealth is adjusted from the proposed \$14T / 10Y figure to account for extreme wealth being taxed away*

*Cutting Healthcare Subsidies and No Obamacare are derived from the abolition of private healthcare, and the lack of continued need for these programs*

## EXPENDITURE

Notes:

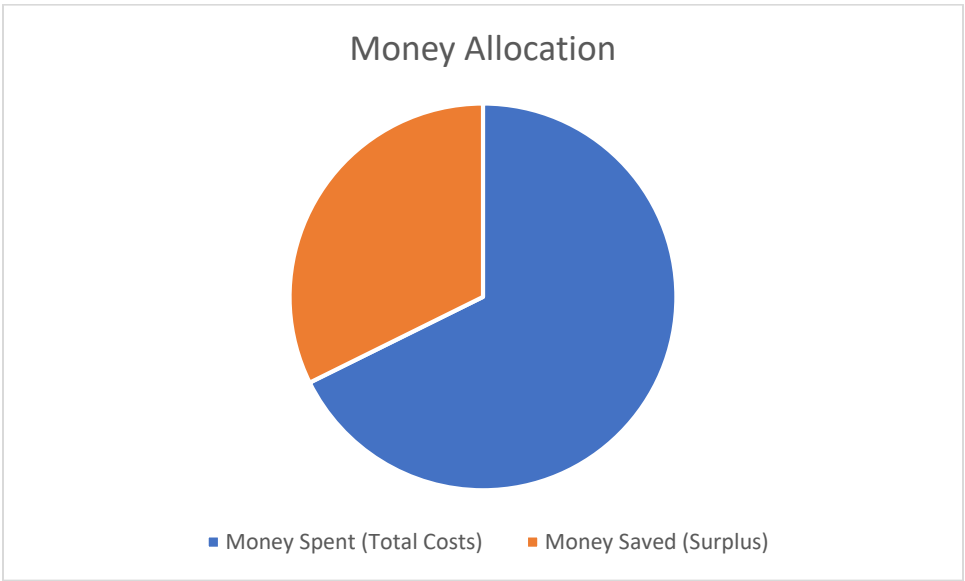

*Student Debt Forgiveness is the total cost divided over 10 years*

*Jobs For All adds 200B to a proposed 500B cost to liberally and roughly account for a \$15 raised minimum wage*

*Housing for All is another liberal cost estimate, 30B added to a proposed 70B figure*

COMPARISON

Percent of Proposals Paid For	148.66%
Money Collected	\$2,432,000,000,000.00
Money Spent (Total Costs)	\$1,636,000,000,000.00
Money Saved (Surplus)	\$796,000,000,000.00

Using proposed tax plans, and money saved from cutting costs from services no longer needed, all proposed programs discussed within this paper can be paid for in full, with about \$800 Billion dollars in excess, which can be used as “wiggle room”
